Announcements

- Jim Dickson announced that the fall Adopt-a-Highway clean-up will be on Saturday, November 10. Please let Jim know if you would like to participate. Bill Flood promised that we would have excellent weather for cleanup.
- Dave Cook announced that the Santa Train only has 67 seats left! (Update: the Santa Train is now sold out!!)
- Charlie Bartishevich announced that he has Hobart Hockey tickets for any “puck heads” in the club.
- Shad announced that today is World Polio Day and Jim Dickson gave us some startling statistics. In 1988 there were about 50,000 confirmed cases of Polio. In 2017, there was only 22. This shows the amount of work and dedication Rotary has provided to eradicate Polio.

50/50

Chris FitzGerald split \$50/\$50 with Polio Plus and donated her winnings back. (*Thanks, Chris!*)

Fines/Happy Dollars

- Tara was happy that her son, Chase turned 7 this weekend and for having a lovely but cold trip to Lake Placid for a seminar.
- Richard Kasulke was happy to have been able to travel to Boston to see his son become a surgery fellow.
- Bob McCarthy was happy to announce that a second family was found to host our foreign exchange student.
- Dave Cook was happy that Elaine Pufnock was able to come today and announced that he is available to straighten out your boss on request. Dave also gave us a new vocabulary word of the day... "Ullage" the volume by which a liquid in a container falls short of being full. (*Ed. Note: How did we ever get through life not knowing this?!*)
- Taryn was happy to be back from Hershey, PA where she ran in her SIXTH half-marathon! Way to go Taryn.
- Shad was happy to have been able to visit his son in Charlotte. He even mentioned that it would be a great place to retire!
- Ken Steadman was happy to be back from a trip in the southern US.
- Charlie Bartishevich was happy because his son woke up this morning and dressed in his best Red Sox gear so he could go to school and talk trash with all the Yankees fans. Charlie also charged Chad for rolling through stop signs on the way to lunch today.
- Shad explained his reason for rolling through the stop signs. Shad ran home to take his dog out and a small hole he had in his pants split, so he had to change into new ones. He then took the dog out and the dog jumped on him with muddy paws and Shad had to then change into a third pair of pants!

Program

Today we were joined by Michelle Wheeler of Ontario-Yates Hospice. Hospice is for patients who have made a conscious decision not to pursue curative treatment for a life-limiting illness. Hospice care can take place in private homes, comfort care centers, nursing homes and even hospitals. Hospice offers a peaceful and comforting care for the patient, as well as the family. You can read all about the kinds of care hospice provides by clicking [here](#).
