### **Program**

**Dr. Karen Fahy** presented the revisions for the **Geneva 2030** initiative as it applies to the greater Geneva educational community. Karen is a consultant to Geneva 2030, beginning as a part-time position which is, thanks to a grant, now a fulltime job. She has an extensive background in education, specifically in literacy, in Geneva public schools, HWS, and Rochester. At the core of Geneva 2030 are ways to improve educational opportunity for students in the Geneva City School District from cradle to career. The focus for 2030 is creating change in the community by means of Collective Impact Work.
