## **50/50**

Kerry Lippincott shared \$71 with the Rotary Foundation Annual Fund (*Congrats Kerry!*)

## **Induction**

**Karen Fahy** and **Craig Talmage** (sponsor President Stephanie) were inducted as new members. With over thirty years in the education field, Karen is the Director of Geneva 2030. She lives in Geneva with her husband. Craig is an Assistant Professor of Entrepreneurial Studies at HWS. His research focuses on community health and well-being, and adaptations or shifts in the social sector.

The Club welcomed both Karen and Craig as new members.

## **Program**

Craig discussed HWS's Entrepreneurial Studies program

- The program is a minor at the Colleges but will become a major in two years.
- There are four core classes (leadership, economic principles, quantitative tools, and a Senior capstone with a community project). In addition, students have to take an ethics course and two electives from other departments.
- A one-year master's program is also offered.
- The Bozzuto Center for Entrepreneurship is located at 22 Castle Street and is a student incubator space. The building was selected to get students downtown and accessibility for guest speakers. The first floor is an open space for teaching, group projects or events; classroom space is on the second floor; and the third floor is work space for students.
- He is always looking for ways to infuse community engagement into his classes and the program. Please contact him if you have potential projects.
