Program

Diana Perry introduced **Ann Hoyt, from the Green Committee**, who spoke about the **Geneva Lakefront Gardens**.

Ann presented a very informative program about the past, present, and future needs of the Geneva Lakefront Park and the increasing need for civic groups, school groups, families, businesses, and individuals to adopt small sections of the park, learn what plants are in each bed and asked to maintain that bed by keeping weeds out. Geneva Community Projects has contributed \$1000 to purchase plants needed to fill in some of the blank (weeded) areas. Geneva Rotary has adopted one of the gardens.

Since the shade structures and the I LOVE NY berm were not part of the original park plan, both areas needed A to Z work and designs. HWS students removed a lot of seaweed from the berm, using it to mulch trees, and it now has a design to maintain. The shade structures have plantings designed to enhance their look.

Ann pointed out some of the current needs for the park: encouraging the City of Geneva to use flame weeders instead of extensive pesticides, providing a place to store mulch, adding sources of water since there is no water access in the center of the park, providing storage space for gardening tools, budgeting \$1000-\$2000 annually to purchase new plants, and developing a bio-swell. In addition, Ann suggested that the

Business Improvement District (BID) design a plan for the plantings in the downtown areas.

**Respectfully submitted,
Carol Chester**

October 5 Interact Minutes

Yesterday's meeting was started at 2:38 by Club President Natalie McFadden.

We still need a theme for the trunk or treat which is on October 22 at the Geneva Public Library. Ideally, a broad idea such as a movie would be a great idea for many people.

We also need people to help older people navigate their technology with the teen tech tutor program.

In the future, we will be reaching out the Parish for packing food boxes for Thanksgiving (date to be determined).

As a reminder, follow our instagram: genevainteract and to get updates text @fordwe to 81010.

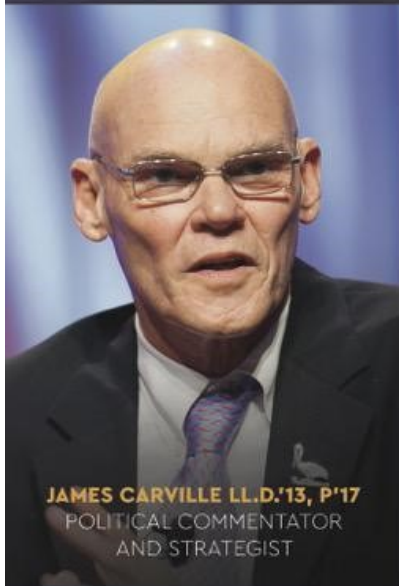

Meeting adjourned at 2:44

Best,

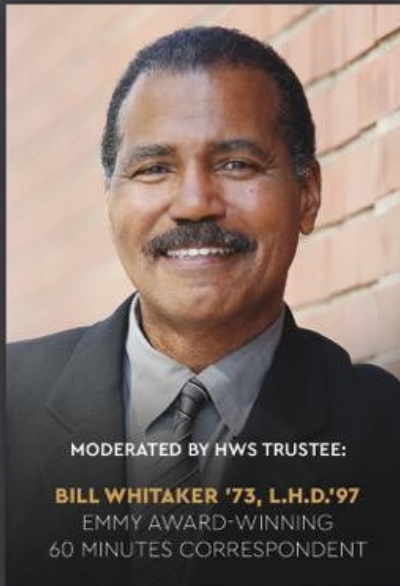

Mikayla
